

## The Axon® EZ-Seal® 300SL Heat Shrinkable Sleeve Label Applicator

The Axon® EZ-Seal® 300SL line of heat shrinkable sleeve label applicators provides high production rates for most full body sleeving applications. This applicator accommodates product widths from 1-11/16" to 4-5/8". The all mechanical design with minimal moving parts and patented film cutting assembly combine to make a reliable and efficient choice for high speed shrink labeling.
